EGK KART

TECHNICAL DATA SHEET EGK KART

The new OTL EGK is perfect for family fun centers and multi-activity centers. This kart accommodates teenagers and adults 58" or taller. The best part is that it's priced to be our most affordable option.

It still offers excellent performance with a 40 mph top speed and very low maintenance. All of the safety options are included such as the roll bar, seat belt, steel tube feet protection, emergency stop button, reverse function and the ability to wirelessly control the speed of the karts.

STANDARD FEATURES

- Adjustable Seat Assembly
- 3-Point Safety Harness
- Steel Feet Protection Tubing
- 30mm Solid Rear Drive Axle
- Removable Padded Roll Bar
- Adjustable Front End Geometry
- Rear Wheel Drive
- Wirelessly control speed of the karts (4 speed settings + Stop function)
- Easily Accessible Forward / Reverse Switch
- Rear Mechanical Braking System with Built in Redundancies
- Low Maintenance 48V 4 kW 3 phase AC Motor
- Premium Dashboard with Emergency Stop Button
- Heavy duty polyethylene high-density (PEHD) bumper system
- Fully encased rear body covering motor, wheels, batteries etc.
